Est-eem®

Cleaner sanitiser

Unperfumed, multi-purpose liquid cleaner and terminal disinfectant. Formulated especially for use in the food and catering industry.

Passes EN 16777 and EN 14476; effective against enveloped viruses, including Coronavirus.

Low Environmental Impact - www.evansgreentick.com

- Kills a wide range of bacteria and yeast; passes EN 1276, EN 16615 and EN 1650.
- Recommended for a variety of hard washable surfaces and equipment, including worktops, cutting boards, refrigerators, vending machines, shelves, floors and walls.
- Available in a ready-to-use formulation supplied in 750 ml spray bottles.

DISINFECTING HARD SURFACES & EQUIPMENT:

PASSES	(see microbiological profile for further info)	DILUTION	CONTACT TIME
EN 16777 - enveloped viruses (eg. Coronaviruses)		1:15	1 min
EN 1276 - bactericidal		1:25	30 sec

Dilute concentrate with clean water in spray bottle or bucket.

- For virucidal applications: 50 ml per 750 ml diluted solution.
- For bactericidal applications: 30 ml per 750 ml diluted solution.

Clean surfaces before disinfection.

Apply to surface by spray, clean cloth or mop. Leave on surface for the required contact time. Wipe with a clean cloth and allow to air dry.

GENERAL CLEANING: For non-disinfection cleaning tasks.

Dilute 1:50 with clean water (100 ml per 5 L diluted solution). Mop or wipe surface.

Food contact surfaces must then be thoroughly rinsed with potable water. To prevent chemical build up, surfaces should be periodically washed.

After use we recommend cloths/mops are rinsed in a fresh solution of Est-eem and allowed to air dry.

USE DISINFECTANTS SAFELY.
ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
